# JOIN THE CHAMBER TODAY

[www.scottvalley.org](http://www.scottvalley.org)

Along with the various benefits described -- we believe the strength of the Scott Valley Chamber of Commerce lies in the quality and character of its membership. Membership tells our community you care about its present condition and future goals.

We understand busy schedules and limited time availability -- but its only through volunteer involvement that the Chamber represents the voice of its businesses and community. Those who get involved get much more out of their membership and that's one of the keys -- involvement & participation.
